

## JUST FOR WOMEN

Are You a Resident of Northampton or Halifax County?  
Are You Ready to Make a Real Difference?

### WE ARE LOOKING FOR A FEW GOOD WOMEN

Unemployed, Employed or Underemployed

To Participate in an Investigative Grant Program Designed to Help Women to Become Economically Self-Sufficient

We are looking for women to help us identify, structure, evaluate and document career paths that lead to successful careers in healthcare, customer service and construction. Selected women will be asked to help determine the supportive services needs, educational support and funding needs, job development and placement needs and other resource needs that lead to the economic success of women living in rural areas.

Participants will receive transportation or transportation reimbursement for event attendance, meals as appropriate and a chance at being selected to participate in the testing phase of the project which should lead to economic self-sufficiency and employment in the healthcare, customer service or construction sector. Participants will be expected to participate in discussion groups and program design exercises at each event. There will be no expenses or fees charged to participants.

This project is sponsored by the Z. Smith Reynolds Foundation and the Department of Commerce Workforce Development Commission in cooperation with local community partners. Interested women should complete the Interest Form below and fax, mail or deliver the completed form to The Roanoke Center or at [www.roanokecenter.org](http://www.roanokecenter.org).
